INTERNATIONAL ECONOMIC REVIEW

VOL. 2.

1961

INDEX

BALL, R. J. and EUGENE SMOLENSKY, The Structure of Multiplier Accelerator Models of the United States Economy, 1909–1951 294
BROWN, MURRAY, Profit, Output, and Liquidity in the Theory of Fixed Investment 110
BRUNNER, KARL, A Schema for the Supply Theory of Money ... 79
GOLDBERGER, A. S., *see* THEIL., H.
GORMAN, W. M., The Elasticity of Demand for Imports with Close but Imperfect Substitutes 371
HIRSCH, WERNER Z., Income Elasticity of Public Education 330
JOCHEMS, D. B., *see* THONSTAD, T.
JOHANSEN, LEIF, Durability of Capital and Rate of Growth of National Product 361
JONES, RONALD W., Stability Conditions is International Trade: A General Equilibrium Analysis 199
JORGENSON, DALE W., The Structure of Multi-Sector Dynamic Models 276
KLOEK, T., Note on Convenient Matrix Notations in Multivariate Statistical Analysis and in the Theory of Linear Aggregation . 351
MORISHIMA, MICHIO, A Historical Note on Professor Sono's Theory of Separability 272
MUNDLAK, YAIR, Aggregation over Time in Distributed Lag Models 154
NEGISHI, TAKASHI, On the Formation of Prices 122
NEWMAN, P. K. and R. C. READ, Production Functions with Restricted Input Shares 127
ORTNER, ROBERT, An Estimate of the Time Horizon and Expected Yield for a Selected Group of Common Shares, 1935–1955.. 179
PEARCE, I. F., The Problem of the Balance of Payments 1
QUIRK, JAMES P., The Capital Structure of Firms and the Risk of Failure 210
READ, R. C., *see* NENMAN, P. K.
